I love solving puzzles and creating new things. Programming, and especially web development, is a great opportunity to do both! There is nothing more satisfying than seeing a project evolve from a simple idea into a full, marketable product.

Skills

Node.js
MongoDB
Web Development
PostgreSQL
Front-end
AngularJS
Programming
Social Media
JavaScript
HTML
SQL

Volunteering

Rebuilding Together New Orleans · Volunteer
Spent two weeks in New Orleans, LA, helping to fix up a home that had been damaged during the hurricanes.

Young Life · Sports Center Wrangler - Summer Staff
Spent a month as summer staff at Washington Family Ranch in Oregon. In addition to helping out around camp as needed, my primary responsibility was to supervise the rock climbing wall, belaying and spotting students as they climbed.
